FHSLA Virtual
Business Meeting
Friday, April 29, 2011
1:30pm-3:30pm

REMEMBER TO RENEW YOUR MEMBERSHIP

Form on P.10

A MESSAGE FROM THE PRESIDENT

Greetings, FHSLA colleagues.

My year as FHSLA President has flown by. I would like to especially thank Nancy Schaefer and Allison Howard for guidance and excellent advice for my numerous, "what would the president do," questions. I am grateful for your faith in me and want you to know that you have an excellent leader, Ellie Bushhousen, as the new FHSLA President.

The moment you've been waiting for...details about the 2011 FHSLA Virtual Business Meeting. **The FHSLA Virtual Business Meeting will occur on Friday, April 29, 2011 from 1:30 p.m. to 3:30 p.m. You can log into the webinar at 1 p.m. beforehand to give it a spin.** Thanks to NEFLIN and its dedicated staff (especially Patricia Morris), FHSLA will deliver our virtual business meeting via GoToWebinar. It can be accessed by up to 100 computers simultaneously, enabling FHSLA members to attend either at select host libraries or via individual connections--all at no cost to FHSLA or FHSLA members.

Membership has expressed appreciation of the networking that occurs at face-to-face events, so we are pleased to announce the following libraries have graciously accepted to offer meeting space during our virtual business meeting:

If you plan to attend the FHSLA Virtual Business Meeting at one of the host libraries below, please RSVP the contact person below so they can make the necessary arrangements.

- **JACKSONVILLE** Borland Health Sciences Library of the University of Florida, 653-1 West 8th Street, Jacksonville, FL 32209. Parking is available in the garage directly adjacent to the LRC (learning Resource Building), where the library is located. The virtual meeting will be held inside the library, on the 2nd floor of the LRC building. Contact person is Kathryn Summey, 904-244-3240; ksummey@ufl.edu

Florida Health Sciences Library Association 2010-2011

OFFICERS

President	Tanya Feddern-Bekcan (Miami)	tfeddern@med.miami.edu
Vice President/President Elect	Ellie Bushhousen (UF)	ellieb@ufl.edu
Secretary	Pamela Williams (All Children's Hosp)	pamela.williams@allkids.org
Treasurer	Denise Shereff (USF)	shereffd@epi.usf.edu
Immediate Past President	Nancy Schaefer (UF)	nancys@ufl.edu

COMMITTEE CHAIRS/APPOINTED POSITIONS

Archivist	Brenda Linares	blinares@med.miami.edu
Alert Editor	Hannah Norton	nortonh@ufl.edu
Continuing Education	Roumiana Kartzakov	roumiana@mch.com
Honors and Awards	Kathleen Moeller	kmoeller@ufl.edu
Local Arrangements	Erica Powell	epowell@miami.edu
Membership	Maria Melssen	mariamelssen@gmail.com
Membership Directory Editor	Emily Harrell	harrell.emily@gmail.com
Nominating	Nancy Schaefer	nancys@ufl.edu
Strategic Planning	Nancy Schaefer	nancys@ufl.edu
Discussion List Coordinator	Allison M. Howard	ahoward2@healthlib.usf.edu
Webmaster	Emily Harrell	harrell.emily@gmail.com

Nominate yourself or a colleague for a FHSLA office!

Openings for 2 positions will need to be filled in this spring's election: **Vice President/President Elect** and **Secretary**. The secretarial term is 2 years. The vice president serves 1 year as VP, 1 as President, and 1 as Chair of both the Strategic Planning Committee (usually 1 face-to-face meeting/year) and the Nominating Committee (no F2F meetings, just some email traffic).

This is a GREAT time to make a difference in your state professional association, as we look for new ways to serve member needs without a lot of travel yet not losing that important face-to-face interpersonal connection that is so important to working with colleagues in one's state.

For more information on the positions, please contact me or any of the officers currently in the office of interest.

If interested for yourself or on behalf of a colleague, please send the nominee's name and contact information to me at nancys@ufl.edu or call me at 352.273.8417 **by March 31st**.

Look forward to hearing from you!

Nancy Schaefer
Nominating Committee Chair

President's Message (Continued from Page 1)

- **TALLAHASSEE** Maguire Medical Library of the Florida State University College of Medicine, Thrasher Building, 1115 West Call St., Tallahassee, FL 32304. We will secure parking spaces once we know who will be attending. We have parking very near the library. The virtual business meeting will be held inside the Thrasher Building, room 2193. Contact person is Barbara Shearer, 850-644-8970; Barbara.Shearer@med.fsu.edu
- **GAINESVILLE** Health Science Center Library of the University of Florida, Communicore Building, 1600 SW Archer Rd., Gainesville, FL 32610. Link to Parking Map and Information: <http://www.parking.ufl.edu/pages/shandsvisitorpark.asp> Please use either Garage 2 or Garage 3. It is a short walk to the Communicore Building. The virtual business meeting will be in the Collaboration Center, Room C2-41a on the 2nd floor of the HSC Library. Contact person is Ellie Bushhousen, 352-273-8420; ellieb@ufl.edu
- **ORLANDO** Harriet F. Ginsburg Health Sciences Library of the University of Central Florida College of Medicine, 6850 Lake Nona Blvd., Orlando, FL 32827. Visitor parking is located in the left hand side of the main parking lot. We will issue parking permits to be placed in vehicles. The meeting will be hosted in room 211 of the UCF COM medical education building which is located on the 2nd floor near the library atrium. Contact person is Nadine Dexter, 407-266-142; Nadine.dexter@ucf.edu
- **TAMPA** Shimberg Health Sciences Library at the University of South Florida, 12901 Bruce B. Downs Blvd., Tampa, FL 33612. We will send parking information and free parking passes to members who select the USF Shimberg Health Sciences Library site. The Virtual meeting will be held in the Shimberg Health Sciences Library conference room 2215 on the 2nd floor. Contact person is Beverly Shattuck, 813- 928- 8221 or 813- 974- 2399; bshattuc@healthlib.usf.edu
- **MIAMI** Louis Calder Memorial Library, 1601 NW 10th Ave., Miami, FL 33136. Street parking and garage parking is cash or credit card only. The virtual meeting will be held on the library's third floor in the Electronic Classroom, room #3003A. Contact person: Tanya Feddern-Bekcan, 305-243-6648 or 305-243-3999; tfeddern@med.miami.edu

If you would like to be a host library for this event, please give me a call: Tanya (305-243-3999).

CE Chair, Roumiana Katzarkov, is hard at work with her committee to develop a nice menu of continuing education opportunities to be offered later this year. **We really want to get membership involved in presenting what they know, so please let Roumiana know if you've been researching a topic, tool, or tool set and would like the opportunity to gain AHIP/CV points by teaching it to your FHSLA colleagues.** Please feel free to contact her at roumiana@mch.com. These CEs will most likely be delivered online, so members can get through another tight budget year yet still maintain high standards in professional development. Just another example how FHSLA listens to YOU to give you what you need, no matter the economic climate.

If you have any questions, just ask! We're listening.

Take care,

Tanya Feddern-Bekcan
FHSLA President

Honors & Awards Committee

Dear FHSLA members:

Greetings from the Honors and Awards Committee. Because the members have voted to have an online only annual meeting in 2011, there will be no scholarships awarded this year.

However you can still nominate your most admired colleague for the FHSLA Librarian of the Year award. Awards will be presented during the FHSLA Virtual Business Meeting. The award was not given last year because there were no nominations.

Honorary Member awards nominations for retiring colleagues are also requested.

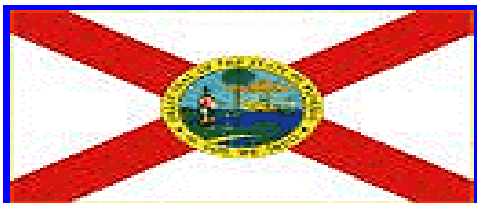

All nominations are due by **April 1, 2011**.

All information, guidelines and nomination forms are available on the FHSLA website at <http://www.fhsla.org/awards-main.htm>. Thank you.

Kathy Moeller

Honors & Awards Committee Chair

kmoeller@ufl.edu

FROM AROUND THE STATE

Harriet F. Ginsburg Library, University of Central Florida

Events and Activities

Test Driving New Tablet Devices

As part of its mission of *"Information anywhere, any time, on any device,"* the Harriet F. Ginsburg Health Sciences library will be testing tablets that run each of the four major tablet operating systems to ascertain which devices meet the library's criteria for use. First and foremost the tablet chosen will need to run software that supports the medical curriculum. This software includes Epocrates, DynaMed, PEPID, Stedman's Medical Dictionary, and Geriatrics at Your Fingertips. Second, the device must have a large screen that takes advantage of the library's electronic resources and displays them at an easy-to-read size. This is important because the library is 98% digital with the goal of being 100% digital within five years. Additionally, the library is looking for a device that has a wide variety of software available for it and has an interface which does not get in the way of use of the device. The four devices identified for testing are Apple's iPad 2, HP's webOS-based TouchPad, Motorola's Android-based Xoom, and RIM's BlackBerry PlayBook. Stay tuned for the results from our test run.

(Continued on Page 5)

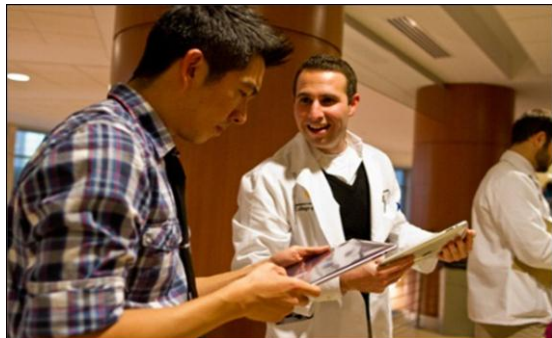

Ginsburg Library (continued from Page 4)

Library Director Nadine Dexter hard at work on her iPad.

Studying Mobile Technology in Medical Education

The Harriet F. Ginsburg Health Sciences Library is embarking on a two-year study on the use of mobile technology in medical education. All students and many of the faculty members at the University of Central Florida College of Medicine are now using the Apple iPad. The library's iPad study team is in the process of receiving IRB approval to conduct their research, which will examine how the school's students and faculty are accessing and using library resources on the iPad. The library has been instrumental in encouraging the use of mobile devices at the medical school.

Second-year UCF medical students receive their iPads.

Michael Garner, Instructional Medical Librarian, gives an iPad tutorial to UCF COM faculty.

Papers, Presentations, Publications, and Teaching

Conference season is upon us and the librarians at UCF COM have been busy! Library Director and Director of Medical Informatics, **Nadine Dexter**, along with UCF COM faculty member and ER physician, Dr. Bethany Ballinger, and Public Services Librarian, **Shalu Gillum** will be presenting a poster on *"Integrating Mobile Technology into a Patient Safety Curriculum at a New Millennial Medical School"* at the June 2011 Association of American Medical Colleges (AAMC) meeting in Chicago. They will be discussing the medical school's unique integrated curriculum and how mobile devices are being incorporated into students' medical informatics and patient safety training.

Shalu Gillum and **Michael Garner**, Instructional Medical Librarian, will be presenting a poster on *"The iPad Project: Lessons Learned from Circulating iPads at a Virtual Health Sciences Library,"* at the Florida Library Association Annual Meeting in Orlando on May 5, 2011. Results from the library's seven-week study of circulating iPads to College of Medicine faculty and staff will be discussed.

Director **Nadine Dexter** will be presenting a white paper entitled *"Millennial Medical Libraries: Library and Information Services for New Medical Schools,"* at the annual MLA meeting in Minneapolis along with Keith Cogdill, David Boilard, Rebecca Ruddock, Barbara Shearer and Richard Wood. The presentation summarizes findings from a comparative study of libraries serving four new schools of allopathic medicine, and focuses on issues related to institutional administration, staffing, space, collections and services.

Finally, **Shalu Gillum** and UCF COM faculty member and geriatrician Dr. Mariana Dangiolo will be presenting a poster on *"Geri-Anatomy: Integrating Geriatrics into the Anatomy Curriculum in a New Medical School"* at the American Geriatrics Society meeting in Washington D.C. in May 2011. Their abstract was also selected for the conference's "Materials and Methods Swap" on model geriatrics programs.

University of Florida Health Science Center Libraries

Events and Activities

In Fall 2010, HSC librarians began working more closely with our clinical patrons. **Jennifer Lyon**, **Linda Butson**, and **Nita Ferree** have been attending Morning Reports with their liaison departments. Nita and Linda also completed a semester of rounding with the Pediatrics Department and are evaluating this pilot project.

From May 10 – June 17 the HSC Library will be hosting the NLM exhibit, “Frankenstein: Penetrating the Secrets of Nature.” To accompany the exhibit, which focuses on Mary Shelley’s historical context, film adaptations of the story, and how it still frames modern-day discussions of biomedicine and ethics, HSC Library will also be hosting a Frankenstein speaker and film series. Funded in part by the University of Florida Center for Humanities and the Public Sphere, this series will feature speakers from the UF College of Medicine, Department of Biology, and Health Science Center Archives discussing the medical and scientific side of the Frankenstein story as well as scholars of literature and culture hailing from UCLA, Illinois State University, and the University of Maryland. Movies to be shown include “The Body Snatcher” (1945), “Frankenstein” (1931), “Bride of Frankenstein” (1935), and “Young Frankenstein” (1974). All events are open to the UF community and members of the public. For more information see: <http://guides.uflib.ufl.edu/frankenstein>.

Honors , Awards, and Offices

Linda Butson is the 2011 recipient of MLA’s David A. Kronick Traveling Fellowship. Each year, this grant awards one \$2,000 fellowship to cover the expenses involved in traveling to three or more medical libraries in the United States or Canada for the purpose of studying a specific aspect of health information management.

The HSCL has been awarded three National Network of Libraries of Medicine Training Awards:

- **Michele Tennant’s** funded a visit from Dr. Kristi Holmes from Washington University in St. Louis, who trained librarians and our patrons on supporting clinical and translational sciences, measuring and enhancing research impact, and bioinformatics.
- **Hannah Norton’s** will fund travel for two instructors from the Animal Welfare Information Center to train librarians and UF researchers to search for animal alternatives to meet IACUC requirements.
- **Kathy Moeller’s** will fund her travel to attend the Disaster Preparedness Symposium in Washington, D.C. on March 29th and 30th.

HSC Library librarians have been appointed to several MLA committees:

- **Ellie Bushhousen**, Chair of the Research, Development, and Demonstration Project Grant Jury.
- **Jennifer Lyon**, Continuing Education Committee.
- **Kathy Moeller**, Credentialing Committee.
- **Hannah Norton**, Membership Committee.
- **Michele Tennant**, Chair Designate of the Continuing Education Committee.

Jennifer Lyon has been invited to be a member of the national-level REDLOC committee, which is responsible for the REDCap Shared Data Instrument Library. As well as sitting on the committee, she’ll be responsible for working on investigating ownership and copyright on data collection tools/instruments that they’re considering adding to the shared library.

Personnel

Mary Edwards was hired as a Library Liaison/Distance Learning Librarian. Mary coordinates the library’s education and information services for UF Health Science Center’s distance learning students, in addition to liaising to several on-campus departments in the Colleges of Medicine and Public Health and Health Professions. Mary has been at the HSC Library since 2004, recently as a visiting librarian. Mary is in the final stages of completing her doctorate in education focusing on educational technology.

(Continued on Page 7)

Mary Edwards

Papers, Presentations, Publications, and Teaching

Ellie Bushhousen attended the 2010 Annual Session of the American Dental Association in Orlando, Florida, October 9-12, 2010 to augment her role as liaison to the College of Dentistry.

Mary Edwards co-presented a paper (with Marilyn Ochoa and Swapna Kumar) on assessing embedded librarians at the Association for the Advance in Computing (AAACE) ELearn Conference in Orlando on October 21, 2010.

Kathryn Summey and **Jennifer Lyon** attended the "[Systematic Review Workshop: The Nuts and Bolts for Librarians](#)" workshop at the University of Pittsburgh's Falk Library. The HSC Libraries can now offer such expertise to train and collaborate with investigators conducting systematic reviews.

Beth Auten presented the following paper and poster at the 2011 Northern California and Nevada Medical Library Group/Medical Library Group of Southern California and Arizona Joint Meeting in San Francisco on February 24th:

- "Sustaining Networks of Researchers: Experiences of the VIVO Collaboration at the University of Florida and The Scripps Research Institute", contributed presentation, co-authors: P King, **L Butson**, **H Norton**, **MR Tennant**, M Conlon, VIVO Collaboration.
- "Sustaining our Future through Innovation – VIVO: Library-based Support for Researcher Networking", contributed poster, co-authors: P King, **L Butson**, **H Norton**, **MR Tennant**, **K Blackburn**, VIVO Collaboration.

Rolando Milian attended the e-Science Bootcamp on March 4th at the University of Virginia Claude Moore Health Sciences Library, and received a scholarship to cover travel costs.

During the week of March 7 – 11, the HSC Library hosted The University of Florida Academic Health Center (AHC) [Symposium for Teaching & Learning with Technology](#). This series of events featured inter-professional presenters from the AHC and the HSC Libraries.

Cecilia Botero, **Jennifer Lyon**, and **Michele Tennant** attended the American Medical Informatics Associations Translational Bioinformatics and Clinical Research Informatics Joint Summits, March 7-11. Michele and Jennifer presented in the panel "Library-based Support for Clinical and Translational Research: The Informationist." Michele also co-presented with several VIVO colleagues her first-authored poster "VIVO: Support for Translational Research."

HSC Library faculty and staff presented posters on VIVO at several local research days:

- **Hannah Norton**, **Rolando Milian**, and **Michele Tennant** - Annual Florida Genetics Institute Conference, October 28, 2010.
- **Hannah Norton**, **Rolando Milian**, **Kaitlin Blackburn**, **Nancy Schaefer**, **Jennifer Lyon**, and **Michele Tennant** - Emerging Pathogens Institute's Research Day, February 10th.
- **Kaitlin Blackburn**, **Hannah Norton**, **Rolando Milian**, and **Michele Tennant** - College of Medicine's Celebration of Research, March 14.
- **Kaitlin Blackburn**, **Mary Edwards**, **Nita Ferree**, **Hannah Norton**, and **Nancy Schaefer** - College of Public Health and Health Professions Celebration of Research on March 23.

Mary Edwards is embedded in a section of the Research/Issues in Educational Technology class for the Online Medical Education Degree (OnMed) cohort. OnMed is a collaboration between the University of Florida College of Education and the College of Medicine which offers a Master of Education degree for practicing clinical educators delivered through online and blended instruction.

Submitted by Hannah Norton

Louis Calder Memorial Library, University of Miami

Personnel

Suzetta Burrows, Director of Library Operations

Suzetta Burrows, Director of Library Operations, retired at the end of last year. Suzy came to the Calder Library in 1980, working for Henry Lemkau as Associate Director for Media and Regional Programs.

Nurtured by her dedication, Calder health information outreach services have flourished over the past 30 years. Suzy founded the CLASSIC program for community hospitals, clinics and corporations, which was nationally acknowledged as a model in self-sustaining healthcare information outreach. CLASSIC continues to meet the information needs of thousands to this day, and has recently been extended to international clinics and hospitals.

Suzy served as co-PI on two major Calder Library Information grants, Point-of-Care, Team-Based Information System (POINTIS) and Southeast Florida AIDS Information Network. Most recently, as co-PI on a third National Library of Medicine award, she helped launch the Calder partnership with south Florida public librarians in support of the highly successful, medical student led, DOCS health fairs.

She guided the transformation from print to online collections at the Calder Library. By stewarding university resources through the years, continued access was maintained to the wealth of resources that are the foundation of the Calder Library. Her

understanding of scholarly publishing and electronic access was acknowledged when she was named co-editor this year of a column for the Journal of Electronic Resources in Medical Libraries.

As a member of the Southern Chapter of the Medical Library Association, Suzy served as Chair of the Association, as well as chair of the Continuing Education Committee, Nominating Committee, Strategic Planning Committee, and co-chair of two Convention Committees for the annual meetings in Key Biscayne (1984) and Coral Gables (2003). Her mentoring of other librarians was twice recognized by the Southern Chapter.

Suzy also has been a member of the Medical Library Association (MLA) since 1969, serving as Chair of the Communications Committee, the Ida and George Eliot Award Jury, and the Medical School Library Section. She has been a Distinguished Member of the MLA's Academy of Health Information Professionals since 1990.

Her professional expertise and service have left indelible marks on the Louis Calder Memorial Library. Although she is enjoying a well-deserved rest, Suzy has assured us that she will be available in the future to help document the contributions of others to the Miller School of Medicine through oral histories.

Suzy Burrows will be honored for her 30 years of service to the medical school at a Faculty and Friends reception on April 26, 2011 at the Calder Memorial Library. This reception will also feature invited guest Dr Bill Hersh, an expert in health informatics. Please contact evardell@med.miami.edu for further details about the event.

Papers, Presentations, Publications, and Teaching

The Southern Chapter of the Medical Library Association Meeting in St. Petersburg in November 2010, marked the start of **Tanya Feddern-Bekcan's** term as Florida Health Sciences Library Association (FHSLA) president. In addition, two paper presentations by Calder Librarians won Research Presentation Awards. The paper presented by **Brenda Linares**, Informed Innovations in Community Outreach:

(Continued on Page 9)

Calder Library (continued from Page 8)

Analyzing Data to Effectively Deliver Health Information, was awarded first place, and the paper presented by **Emily Vardell**, Librarians Promoting Resources to Nursing Staff at the Point of Care, was awarded second prize.

Calder librarians accept Research Presentation Awards at Southern Chapter/MLA in St. Petersburg.

Brenda Linares and **Emily Vardell** will present a paper at the Florida Library Association Conference in May. The paper, entitled "Healthy Patrons, Healthy Libraries: Finding and Evaluating Quality Consumer Health Information for Diverse Communities," will discuss the Calder Library's three-year, award-winning outreach at medical-student run health fairs and will outline how to evaluate online consumer health resources and locate reliable Web sites for diverse populations.

Shimberg Health Sciences Library, University of South Florida

Events and Activities

Shimberg HSL is proud to host the National Library of Medicine display from 3/21 to 4/30/11:

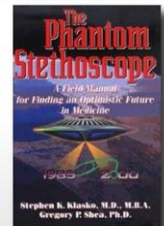

The perspectives of surgeons, physicians, and nurses are richly documented in the history of Civil War medicine, which highlights the heroism and brutality of battlefield operations and the challenges of caring for the wounded during wartime. Yet the experiences of injured soldiers during the conflict and in the years afterwards are less well-known. *Life and Limb: The Toll of the American Civil War* explores the experiences of disabled Civil War veterans and their role as symbols of the fractured nation.

USF Health and the Shimberg Health Sciences Library celebrate our Published Faculty with our "Book of Month Display." The inaugural display highlighted *The Phantom Stethoscope: A Field Manual for Finding an Optimistic Future in Medicine*, Stephen K. Klasko, M.D., M.B.A. and Gregory P. Shea, Ph.D.

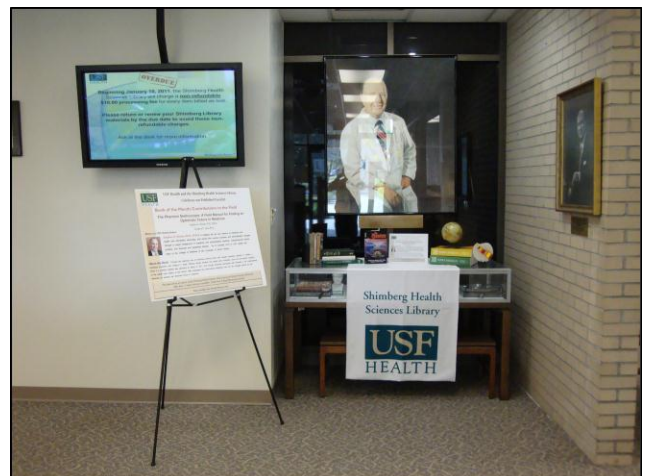

Book of the Month

The Phantom Stethoscope
Stephen R. Klasko, M.D., M.B.A.
Gregory P. Shea, Ph.D.
February 17th - March 17th

What if a medical resident was abducted by aliens in 1985, and through advanced technology was imparted a full understanding of the healthcare system of the future?
